Pursuing Btech 2024

Aktu

8.2 sgpa till 2nd year

💡 PROJECTS

Python Number Guessing Game

In this project, our team develops a program in python to guess a number randomly and gives user the fixed set of changes to guess the number along with the user interface.

Online line examination system

In this project, we build a website that has two different login pages for students and teachers and uses database queries using php in which teacher can create new test links and allow students to login and participate and check their marks

🏆 ACHIEVEMENTS & AWARDS

Participated in various college events such as interbatch gd competition, skit play, anchoring in freshers party, etc

👤 CERTIFICATIONS

Python from coding ninja

CPP from udemy

Participated in Ip awareness program under National intellectual property awareness mission 2022
